## MANAGEMENT DISCUSSIONS AND ANALYSIS REPORTS

Your Directors are pleased to present the Management Discussion and Analysis Report for the year ended 31st March, 2024.

Statements in this Management Discussion and Analysis of financial condition and results of operations of the Company describing the Company's objectives, expectations or predictions may be forward looking within the meaning of applicable securities laws and regulations. Forward-looking statements are based on certain assumptions and expectations of future events. The Company cannot guarantee that these assumptions and expectations are accurate or will be realised. The Company assumes no responsibility to publicly amend, modify or revise forward-looking statements on the basis of any subsequent developments, information or events. The statements involve risk and uncertainties including those risks which are inherent in the Company's growth and strategy.

The management of the company is presenting herein the overview, opportunities and threats, initiatives by the Company and overall strategy of the Company and its outlook for the future. This outlook is based on management's own assessment and it may vary due to future economic and other future developments in the country.

### **Segment-wise Performance :**

The Company operates in only one segment for trading and investment in shares and securities. The Business Segments has been identified in accordance with Accounting Standards.

### **Subsidiary Company :**

As there are no subsidiaries of the Company, Investment made in Subsidiaries is NIL.

### **Risk & Concerns :**

The challenge for the niche financial service provider companies today is the consideration of what they wish to keep from the changes they made due to the pandemic. There has been a paradigmatic shift of geopolitics, data governance, operational resilience and ever evolving technologies are key concerns for board room discussion. The company survives in a highly competitive environment. Timely and effective risk management is of prime importance to our continued success. The sustainability of the business is derived from the following:

- Identification of the different threats looked by the Company.
- The development of effective risk management framework to measure and analyse them.
- Risk management through proper reduction methodologies inside the strategy system.
- A constant vigil upon the advancements and changes in the environment and frequent exposure to audits.
- Reporting these jeopardy reliefs of risk management results to the appropriate levels of authority.
- Your Board has taken major initiatives like focus on cost reduction through inventory management techniques, manufacturing process without compromising quality of products, retaining talented employees and promotional activities like advertising, participation on trade exhibition, strategic partnership, customer relations etc.

There always sustains the danger of misfortune from insufficient or bombed frameworks, cycles or systems.

## **Opportunities and Threats:**

Over the past year, our company has identified several key opportunities that present significant potential for growth. The expansion into new markets, both domestically and internationally, offers a promising avenue for increasing our customer base and revenue streams. Additionally, advancements in technology provide us with the tools to enhance our operational efficiency and innovate our product offerings. By staying at the forefront of technological developments, we can maintain our competitive edge and meet evolving customer demands.

Strategic partnerships and alliances have emerged as another critical opportunity, enabling us to leverage the strengths of other organizations to enhance our product range and reach new audiences. Furthermore, recent regulatory changes have created a more favorable business environment, offering potential tax benefits and incentives that could positively impact our profitability. The growing emphasis on sustainability also aligns with our commitment to corporate responsibility, presenting us with the chance to lead in this space by developing environmentally friendly products and practices.

However, we are also mindful of the challenges that could pose threats to our business. The ongoing economic uncertainty, influenced by factors such as inflation and geopolitical tensions, could impact consumer spending and investor confidence, potentially slowing our growth. The competitive landscape remains intense, with both established players and new entrants vying for market share, which may pressure our margins.

Regulatory risks also loom large, as changes in government policies or compliance requirements could increase operational costs and restrict our market access. In summary, while we are optimistic about the opportunities ahead, we remain vigilant in managing the potential threats that could impact our business. Our strategic focus is on leveraging our strengths to capitalize on opportunities while mitigating risks to ensure sustainable growth and success in the years to come.

### **Some of the key changes in the industry unfavorable to the company are:**

- Rapid changes in technology.
- Manifold increase in competition from International players.
- Fall of the Indian rupee against the dollar is creating problems for the consumer durables industry as it increases the cost of product.
- Increasing compliances

## **Internal Control Systems and their Adequacy:**

The Company has robust internal control systems and procedures commensurate with its nature of business which meets the following objectives:

- providing assurance regarding the effectiveness and efficiency of operations;
- efficient use and safeguarding of resources;
- compliance with policies, procedures and applicable laws regulations; and
- transactions being accurately recorded and promptly reported

## **Human Resources:**

- In a business environment and marketplace that is continuously changing, the major competitive advantage for a leading organization hinges upon knowledge, skills, and experience of its employees.
- The Company's human resource is essential to attaining its goal of expansion. Initiatives that effectively engage employees help employees stay with the company longer.
- The Company's strong foundation of policies and processes ensures health, safety and welfare of its employees.
- The Company maintained good Industrial / Business relation in marked which enhanced the Creditworthiness of the Company.
- It has a well-designed HR policy that promotes a conducive work environment, inclusive growth, equal opportunities and competitiveness and aligns employees' goals with the organisation's growth vision
- It is the Company's firm belief that its people constitute the primary source of its sustainable competitive advantage.

**Cautionary Statement:**

Statements in this report on Management Discussion and Analysis, describing the Company's objectives, projections, estimates, expectations, or predictions may be forward looking statements within the meaning of applicable laws and regulations. These statements are based on certain assumptions and expectations of future events. Actual results could differ materially from those expressed or implied since the Company's operations are influenced by many external and internal factors beyond its control. ## INDEPENDENT AUDITOR'S REPORT

To,  
**The Members of GSB Finance Limited**

### **Report on the Audit of the Standalone Financial Statements**

#### **Opinion**

We have audited the standalone financial statements of GSB Finance Limited ("the Company"), which comprise the balance sheet as at 31st March 2024, and the statement of Profit and Loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2024, and profit/loss, changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Our opinion is not qualified in respect of the above matters

#### **Other Information**

The Company's Board of Directors is responsible for the other information. The other information comprises the [information included in the Management report, but does not include the financial statements and our auditor's report thereon.]

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information

and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards ('Ind AS') specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

·Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

·We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit

·We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) Based on our Examination, which included test checks, the company has used accounting software for maintaining its books of account for the financial year ended 31st March 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

(d) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), statement of Changes in Equity and statement of the Cash Flow dealt with by this Report are in agreement with the books of account.

(e) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

(f) On the basis of the written representations received from the directors as on 31st March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2023 from being appointed as a director in terms of Section 164 (2) of the Act.

(g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the investor education and protection fund by the company.

## **Annexure B- to the Independent Auditor's Report**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of GSB Finance Limited ("the Company") as of March 31, 2024, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India

## **1 Notes to the Financial Statements for the year ended 31 March 2024**

### **1 - A Overview of the Company**

GSB Finance Limited ("the Company") was incorporated on 29th November, 1982 and is primarily engaged into providing financial services, investment (finance and investment) and trading in shares.

### **1 - B Basis of preparation**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

### **A Compliance with Ind AS:**

The financial Statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements up to the year ended March 31, 2018 were prepared in accordance with the Accounting Standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) ("Previous GAAP") and other relevant provisions of the Act.

These are the first financial statements of the Company under Ind AS. Refer Note 25 for an explanation of how the transition from previously applicable Indian GAAP (hereinafter referred to as 'IGAAP') to Ind AS has affected the financial position, financial performance and cash flows of the Company.

### **B Historical Cost Conversion**

The Financial Statements have been prepared on a historical cost basis except for the following:  
"Certain financial assets and liabilities that are measured at fair value  
"

### **C Rounding off amounts**

The financial statements are presented in INR and all values are rounded off nearest to the Rupees, except when otherwise indicated.

### **D Significant estimates, judgements and assumptions**

The preparation of financial statements in conformity with Ind AS requires the management to make estimates, assumptions and exercise judgment in applying the accounting policies that affect the reported amount of assets, liabilities and disclosure of contingent liabilities at the end of the financial statements and reported amounts of income and expense during the year.

The management believes that these estimates are prudent and reasonable and are based on management's best knowledge of current events and actions. Actual results could differ from these estimates and difference between actual results and estimates are recognised in the period in which results are known or materialised

### **E Current and non-current classification**

All assets and liabilities have been classified as current or non-current as per the Company's normal operating business cycle (12 months) and other criteria set out in the Schedule III to the Act.

## **1 - C Material Accounting Policies**

### **A Property, Plant and Equipment**

All items of property, plant and equipment are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any; Historical cost includes expenditure that is directly attributable to the acquisition of the items. No CENVAT credit is avail on the assets capitalized.

Subsequent costs are included in the carrying amount of asset or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred. Gains or losses arising on retirement or disposal of assets are recognised in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the reporting date are disclosed as Capital work-in-progress'.

"On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at 1 April 2017 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment"

### **B Depreciation / amortization on property, plant and equipment**

Depreciable amount for Property, plant and equipment is the cost of an asset, less its residual value. Depreciation on Property, plant and equipment is provided on the straight line method value method over the useful lives of assets as prescribed under para C of Schedule II of the Companies Act, 2013.

Depreciation is calculated on a pro-rata basis from the date of acquisition/installation till the date, the assets are sold or disposed off. Leasehold land is amortized over period of lease. Assets costing individually up to 5000 are written off to statement of profit and Loss.

### **C Impairment of Property, plant and equipment**

The carrying amounts of assets are reviewed at each Balance Sheet date to assess if there is any indication of impairment based on internal / external factors. An impairment loss on such assessment will be recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount of the assets is net selling price or value in use, whichever is higher. While assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognised impairment loss is further provided or reversed depending on changes in the circumstances and to the extent that carrying amount of the assets does not exceed the carrying amount that will be determined if no impairment loss had previously been recognised.

### **D De-recognition of property, plant and equipment**

The carrying amount of an item of Property, plant and equipment is de-recognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the de-recognition of an item of Property, plant and equipment is measured as the difference between the net disposal in proceeds and the carrying amount of the item and is recognised in the statement of profit and loss when the item is de-recognised.

## **E Borrowings and Borrowing costs**

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the statement of Profit and Loss in the period in which they are incurred.

## **F Financial Instruments - Financial Asset**

### **G Classification:**

The Company classifies its financial assets in the following measurement categories:

- ( I ) Those to be measured subsequently at fair value (either through Other Comprehensive Income, or through profit or loss)
- ( II ) Those measured at amortised cost

The classification depends on the business model of the entity for managing financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in Other Comprehensive Income or profit or loss. For investments in debt instruments, this will depend on the business model in which the investment is held.

### **2 Recognition and measurement:**

- ( I ) Initial Recognition

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

- ( II ) Subsequent Measurement:

After Initial recognition, financial assets are measured at ;

- ( I ) Financial assets carried at amortized cost
- ( II ) Financial assets at fair value through profit and loss

### **H Debt Instruments**

- ( I ) Measured at amortized cost

Financial Assets that are held for collection of contractual cash flow where those cash flows represent solely payment of principal and interest are measured at amortised cost. Interest income from these financial assets is included in interest income using the Effective Interest Rate (EIR) method the amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

- ( II ) Measured at fair value through profit or loss (FVTPL)

A financial asset not classified as either amortised cost or FVTOCI, is classified as Fair Value through Profit or Loss (FVTPL). Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as other income in the Statement of Profit and Loss

( III ) Measured at fair value through other comprehensive income (FVTOCI)

"Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through Other Comprehensive Income (FVTOCI). Fair value movements are recognised in the OCI. Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss.

On de-recognition, cumulative gain/ (loss) previously recognised in OCI is reclassified from the equity to other income in the Statement of Profit and Loss"

### **I Impairment of financial assets**

The Company assesses on a forward looking basis the expected credit losses (ECL) associated with its financial assets carried at amortised cost and FVTPL. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivable only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of such receivables.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument.

### **J De-recognition of financial assets**

A financial asset is de-recognised only when the Company

( I ) has transferred the rights to receive cash flows from the financial asset or

( II ) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

"Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised"

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

### **K Financial Liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL. Gains or losses on financial liabilities held for trading are recognised in the Statement of Profit and Loss.

### **L Other Financial liabilities**

( I ) Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

#### ( II ) Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the fair value.

#### ( III ) Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss is measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

#### ( IV ) De-recognition:

A financial liability is de-recognised when the obligation specified in the contract is discharged, cancelled or expires.

### **M Off-setting financial instruments**

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

### **N Equity instruments**

The Company measures all its investments in equity instruments other than those in subsidiary companies, at fair value. The management of the Company has elected to present fair value gains and losses on such equity investments as at the transition date in profit and loss and there is change subsequent reclassification of these fair value gains and losses to the Statement of Profit and Loss, and Changes in the fair value of financial assets at fair value through profit or loss are recognised in the Statement of Profit and Loss.

Dividends from such investments continue to be recognized in profit or loss as other income when the right to receive payment is established.

Impairment losses (and reversal of impairment losses) on equity investments measured at FVTPL are not reported separately from other changes in fair value.

### **O Cash and cash equivalents**

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand and short-term deposit with original maturity upto three months, which are subject to insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents consists of cash and short-term deposit, as defined above, net of outstanding bank overdraft, if any; as they are considered as an integral part of Company's cash management.

### **P Inventories**

Stock in trade is valued at lower of cost and net reliable value. Cost is determined on weighted average cost method, which is determined on their specific individual costs which includes only purchase cost.

### **Q Revenue Recognition**

"Revenue is the gross inflow of economic benefits received/receivable by the entity on its own account. revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

#### ( I ) Sale of Shares

Revenue from sale of shares is recognised at the time of transaction

#### ( II ) Interest Income

Interest income is recognised by applying (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at FVTPL, taking into account the amount outstanding and the applicable interest rate. Interest income is recognised on non-performing assets at net of ECL.

(a) As the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset to the gross carrying amount of a financial asset

(b) By considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) in estimating the cash flows

(c) Including all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts

( III ) Dividend Income Dividend income is recognised when the right to receive the payment is established

#### ( IV ) Net gain on Fair value changes

Any differences between the fair values of financial assets classified as FVTPL held by the Company on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed as "Net loss on fair value changes" under Expenses in the Statement of Profit and Loss.

### **R Foreign currency transactions**

#### ( I ) Functional and presentation currency

Items included in the Financial Statements of the Company are measured using the currency of the primary economic environment in which the Company operates ("functional currency"). The Financial Statements of the Company are presented in Indian currency (INR), which is also the functional and presentation currency of the Company.

#### ( II ) Transactions and Translation

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Monetary items denominated in foreign currencies at the year-end are restated at closing rates.

Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain/ (loss)

Foreign exchange gain/(loss) resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in profit or loss

All foreign exchange gain / (loss) are presented in the Statement of Profit and Loss on a net basis within other income/ (expense)

### **S Employee Benefits**

#### Short-term employee benefits

All employee benefits payable within 12 months of service such as salaries, wages, bonus, ex-gratia, medical benefits etc. are recognised in the year in which the employees render the related service and are presented as current employee benefit obligations within the Balance Sheet.

### **T Income Tax**

Tax expense comprises of current and deferred tax.

#### ( I ) Current tax:

Current tax is the amount of income taxes payable in respect of taxable profit for a period in accordance with Income Tax Act, 1961.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**( II ) Deferred tax:**

Deferred tax assets and liabilities are recognized using the balance sheet approach for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date and are expected to apply to taxable income in the year in which those temporary differences are expected to be recovered or settled.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

Unrecognized deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in Other Comprehensive Income or directly in equity. In this case, the tax is also recognised in Other Comprehensive Income or directly in equity, respectively.

## **U Earnings per share**

Earnings per share (EPS) are calculated by dividing the net profit or loss (excluding other comprehensive income) for the period attributable to Equity Shareholders by the weighted average number of Equity shares outstanding during the period. Earnings considered in ascertaining the EPS is the net profit for the period.

Diluted EPS is determined by dividing the profit / (loss) after tax attributable to equity shareholders for the period by weighted average number of equity shares and potential equity shares outstanding during the year, except where the results are anti-dilutive.

## **V Leases**

**( I ) As a lessee**

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate expected inflationary cost increases for the lessor.

**( II ) As a lessor**

Lease income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The corresponding rent receivables, net of interest income, are included in other financial assets. Each lease receipt is allocated between the asset and interest income. The interest income is recognised in the Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the asset for each period.

## **W Provisions, Contingent liabilities and Contingent assets**

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements; however they are disclosed where the inflow of economic benefits is probable. When the realization of income is virtually certain, then the related asset is no longer a contingent asset and is recognised as an asset.

**Note 27 Financial Risk Management**

Risk Management is an integral part of the business practices of the Company. The framework of Risk Management concentrates on formalising a system to deal with the most relevant risks, building on existing Management practices, knowledge and structures. With the help of a reputed consultancy firm, the Company has developed and implemented a comprehensive Risk Management System to ensure that risks to the continued existence of the Company as a going concern and to its growth are identified and remedied on a timely basis. While defining and developing the formalised Risk Management System, leading standards and practices have been considered. The Risk Management System is relevant to business reality, pragmatic and simple and involves the following:

**1 Risk identification and definition**

Focused on identifying relevant risks, creating updating clear definitions to ensure undisputed understanding along with details of the underlying root causes contributing factors.

**2 Risk classification:**

**Note 28 Management of credit risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty fails to meet its contractual Obligation

**Trade receivables**

Concentrations of credit risk with respect to trade receivables are limited, due to the customer base being large, diverse and across sectors and countries. All trade receivables are reviewed and assessed for default on a quarterly basis.

Historical experience of collecting receivables of the Company is supported by low level of past default and hence the credit risk is perceived to be low.
